Office 365 Enterprise E1 includes:

Email and calendars

Use business-class email through a rich and familiar Outlook experience you can access from your desktop or from a web browser using the Outlook Web App. Get a 50 GB mailbox per user and send attachments up to 25 MB.

Online conferencing

Host online meetings with audio and video using one-click screen sharing and HD video conferencing.

Instant messaging and Skype connectivit

Connect with other Lync users via instant message, voice calls, and video calls, and let people know your availability with your online status. Share presence, IM, and audio calling with Skype users.

Simple file sharing

OneDrive for Business provides 1 TB for each user for virtually anywhere access to their documents. Share files with others inside and outside the organization, control who can see and edit each file, and easily sync files with PCs and devices.

Team sites

Enable easy access and sharing of documents with 10 GB baseline storage plus 500 MB of storage per user.

Site mailboxes

Make it easier for teams to collaborate. Store and share email and documents in project-specific folders, so everyone on the team can find the information they need fast.

Yammer Enterprise

Keep ideas and work moving with enterprise social networking that makes collaborating with the right people easy and that comes with advanced support, security, administration, and integrations.

Office Online

Create and edit Word, OneNote, PowerPoint, and Excel documents from a browser.

Mobility

Sync email, calendar, and contacts; access SharePoint sites; view and edit Office documents with Office Online using a browser on Windows Phone, iOS, and Android devices. Use the OneNote, OWA, Lync Mobile, and SharePoint Newsfeed apps on most devices.

Office 365 Enterprise E1 includes:

Apps for Office and SharePoint

New third-party and customer-developed apps work with Office and SharePoint to bring web services right into your documents and sites.

Cutting-edge security practices with five layers of security and proactive monitoring help keep customer data safe.

Your data belongs to you. Microsoft does not scan emails or documents for advertising purposes.

Privacy

Your data belongs to you. Microsoft does not scan emails or documents for advertising purposes.

Administration

The admin portal provides IT detailed configuration options for your services, either from an online portal or through automated management with PowerShell commands. You can use the Admin app to manage your services on the go.

Upgrades

No need to pay for version upgrades; updates are included in your subscription. New features are rolled out to Office 365 customers in an IT-configurable

Support

24/7 phone support for all IT issues. For less urgent issues, you can create service requests directly through the admin portal. As an optional service, we also provide a dedicated team for 24/7 IT 1 support and management services for Office 365
